PROFESSIONAL SUMMARY

AI & Data Science focused Computer Science student skilled in Machine Learning, Data Analytics, and AI application development. Passionate about healthcare AI, quant finance, dashboards, and intelligent systems using modern ML technologies.

EDUCATION

VIPS-TC, GGSIPU

B.Tech CSE (AI & Data Science) | 2024 - 2028

Coursework: Machine Learning, Data Science, Java, OOPS, Databases, and Data Structures.

SKILLS

Python | Java | SQL | Machine Learning | Computer Vision | EDA | Power BI | MS Excel | ReactJS | FastAPI | GitHub

PROJECTS

PregaCare AI

Random Forest • XGBoost • RAG • ReactJS • FastAPI

Built an AI-powered pregnancy care platform using ensemble ML models and RAG-based healthcare feedback with ReactJS and FastAPI integration.

pregacare01.vercel.app

LEADERSHIP & EXPERIENCE

AARVAK - Machine Learning Society

Core Team Member

Helped organize Tech Royale, coordinating multiple simultaneous technical events and competitions.

CERTIFICATIONS

ChaiAurCode - Full Stack Data Science

View Certificate

ACHIEVEMENTS

CodeWizard Hackathon - SRM University

Finalist
